

May Director's Report

Grant Updates: We received an Outreach mini grant for \$350 for architecture scavenger hunt kits for the Owego Historical district! Work continues on all HVAC project grants.

Building: NYSEG came 5/12/25 to put in new pole and make 3-phase electrical updates. On 5/1/25 P&J and Jeff Smith came to do an investigation of our chimneys. In order to get a clearer picture of utilizing the chimneys as a potential pathway we are getting a sewer camera to for a more thorough investigation.

Programs: Had a surprise pop-up Orchestra performance on 4/26/25 by Stories Winds.

General Updates: I attended the FLLS Spring into Summer meeting in preparation for Summer Reading this year. We were invited to the Friends of the TCPL book sale and I was able to select almost 70 books to update our YA section, non-fiction, poetry and popular authors! On 5/9/25 we hosted the Tioga County Directors meeting.
