

June Director's Report

Grant Updates: Mildred Faulkner Truman Grant Application was submitted, should hear back mid-July. The NYS Library Construction Grant is in the final review with DASNY, they are requesting more information (as of 6/5/25) and we are working to get it to them. Two grant applications were submitted to the Tioga County Senior Citizens Foundation. I'm looking to get the TSB grant submitted mid/late June and then the Hooker Foundation grant submitted in July. I am also working on the final report for the 2024 Outreach Mini Grant.

Building: The friends have planted flowers for us!

Programs: We had Stray Haven at the Library for a Puppy Story Hour, puppy included! The kids loved it and Doc (our visiting puppy) was so good with the kids. It also looked like Doc has been adopted! Progress is being made on the Architecture Scavenger hunt backpacks. Summer Reading preparation is also in full swing.
